Professional Summary

Software developer experienced in building full-stack and AI-assisted applications using FastAPI, Supabase, Laravel, React, and LlamaIndex. Developed systems involving RAG pipelines, AI agents, API integrations, and server monitoring. Interested in AI-first and data-driven applications with scalable backend architecture.

Technical Skills

Languages: Python, JavaScript, TypeScript, PHP, SQL
Frameworks & Libraries: FastAPI, Laravel, React, Expo, Vue.js, Tailwind CSS, LlamaIndex
Databases & Backend: PostgreSQL, MySQL, Supabase, REST APIs
Tools & Platforms: Git, Postman, AnyDesk

Experience

IT Technician – PGO Leyte | Palo, Leyte | Sep 2025 – Present

- Configured and deployed servers and network infrastructure across LGUs and RHUs.
- Developed a web-based indexing and monitoring system using Vue.js and Supabase.
- Delivered remote technical support and troubleshooting using AnyDesk.
- Monitored server health, uptime, and operational metrics for deployed systems.

IT Intern – Tingog Partylist | Tacloban City | Jan 2025 – May 2025

- Assisted in developing and testing a voting tracking system using Laravel and jQuery.
- Collaborated with developers during feature implementation, testing, and debugging workflows.

Projects

Technical Monitoring System (PGO) (Vue.js, Supabase) | 2026

- Developed an indexing system for official documents for digital backup and retrieval.
- Designed a monitoring system for server health and data from various deployed servers in LGUs and RHUs.

Voting Tracking System (Internship Project) (Laravel, jQuery) | 2025

- Assisted in backend development and testing to ensure accurate data handling.

Event Booking System (Capstone) (Laravel, jQuery, MySQL, PayMongo API) | 2024

- Designed and developed a full-stack event booking platform.
- Built RESTful API endpoints and implemented secure payment integration using PayMongo API.
- Created a responsive user interface with Tailwind CSS and Flowbite.

Education

Bachelor of Science in Information Technology
ACLC College of Tacloban — 2021–2025
